

3rd Two Day Workshop on Infrastructure Project Management

- the key to economic prosperity

Mr. Adesh Jain's extensive experience guided us through a lively, cheerful and humorous workshop, where the participants gained the best insight into

PM concepts, almost effortlessly. His professional touch was the magic wand that painted a vivid picture of the processes in everyone's mind. PM is vital in today's competitive business environment and projectized companies have been consistently delivering the best results. Mr. Jain's workshop proved this beyond doubt, empowering the team with necessary skills in successful project delivery.

- Ms. Kavita Singhania, MD, Express Infrastructure Pvt. Ltd.

We are fortunate to have Mr. Adesh Jain as our mentor on two days programme on Infrastructure Project Management at Mumbai on 27 & 28 August 2007. He is a living legend. Let us contribute handsomely towards the movement he pioneered in India & to take India on the top of the world map in managing infrastructure projects.

- N K Taori, Project Director (Trinidad), Essar Projects Ltd.

A group of over 40 participants attended the 2nd Infrastructure PM workshop in Hyderabad on 25 - 26 Feb. 2008. Workshops were also held at Delhi & Mumbai. Based on the very enthusiastic response and demand for more workshops now, 3rd Infrastructure PM workshop is being organized at different locations.

About your workshop facilitator

Adesh Jain is the first non-European Chairman of the Council of Delegates (CoD) of IPMA comprising of 44 countries worldwide. He also had the distinction of becoming the first non-European President of IPMA in Jan. 2005. He is also the President of International Construction PM Union including Korea, China, and Japan and President Elect of International Construction PM Association which includes of USA, Switzerland, UK etc..

Adesh Jain's 4 decades of experience in managing projects, programs & portfolios covering the construction industry will be of immense value to the participants of this Workshop.

Adesh Jain has redefined project management as:

Adesh Jain was conferred the Honorary Chairmanship of the prestigious China Construction Project Management Committee (CPMC) in Shanghai, China.

Adesh Jain, First non-European Chairman of IPMA to receive the Honorary Fellowship in the IPMA World Congress held in Shanghai.

Adesh Jain (right) was congratulated by Veikko Valila, President, IPMA after Adesh Jain's speech at the Congress

Adesh Jain was invited as one of the keynote speakers by the organizers of the Int'l Project & Program Management Symposium Tokyo 2008. After his speech, Adesh seen with Dr. Hiroshi Tanaka (Japan), Dr. Ralf Muller (Sweden) & Dr. Lyn Crawford (Australia).

Adesh Jain giving the Inaugural keynote presentation in Barcelona, Spain on November 27, 2007 on Project Thinking.

Adesh Jain after his Inaugural speech with Brian Akers (C), Director, Program Planning and Control, Boeing 787 and Gilles Caupin (L).

Adesh Jain seen with his colleagues after getting elected as the Sr. VP of International Construction PM Association in New York in May 2007. Adesh will take over as President of ICPMA from May 2008.

Adesh Jain holds a B.Sc. (Mathematics); B.E. (Electrical Engg.) from Indian Institute of Science (IISc) and M.Engg. (Control Systems) from Canada.

He is one of the most sought after keynote speakers globally on the varied topics of project management. He was also one of the key architects in laying strong foundation for IT industry in India in 70's and 80's. Adesh was given the Honorary Fellowship Award in 1991 by the former President of India, Dr. S. D. Sharma for his contribution to IT and project management discipline. He has trained over 50,000 professionals from over 1000 companies from India and abroad in the field of project management.

Very nice, mind awakening, enlightenment of ground realities versus theoretical top brass planning, coupled with enriching about value of project management.

- N K Arora, Member (P), Bhakra Beas Management Board

The workshop under the guidance of Mr. Adesh Jain was a learning process and at the end of the two day workshop I feel more confident and will try and grasp the lessons learnt. PM education and learning / Certification is need of the hour.

- Mrs. Madhu Chandhok, Intercontinental The Grand, New Delhi

An excellent workshop. We are leaving more sensitized about PM. The workshop needs to be conducted at more locations, so as to cover wider audience.

- Brig. S S Dasaka, College of Defence Management

Very informative and conducted professionally. This type of workshop can be a platform for project management professionals to hone their skills leading to better performance.

- Kaustar Bagchi, Larsen & Toubro Ltd.

Excellent Session. Really enriched knowledge about the project management. Had excellent details about certifications and its importance. EVM is very interesting topic.

- N R K S Padmanabha Raju, Nagarjuna Construction Co.

"It is extraordinary person like Mr. Adesh Jain who bring in a quiet revolution and transform the country by touching our lives so selflessly and effectively". Adesh's passion for improving project management skills in managing infrastructure projects needs to be spread through us like bush fire. Adesh is a living legend and it was a privilege to spend two days with him in understanding how to manage infrastructure projects.

- Virinder Kaul, IJM India Infrastructure Ltd.

Why should you seize this great opportunity?

Project management is one of the fastest growing management disciplines worldwide. Project management is redefined as an art and science of converting Dreams into Awakening; Vision to Reality; Strategies to Deliveries and Abstract Framework to Concrete Results.

With the growing global trend towards urbanization, the major emphasis is on infrastructure development across the country. India has become part of this global trend. The **Infrastructure Project Management Training** aims to provide a platform to receive top-notch training in order to capitalize on the concepts of Project Management, its methodologies and its application to the construction sector, along with advanced applications in the areas of leadership skills, communication skills, principles in contract management, risk management and creating a construction plan that ensures product quality and project completion within the time frame and budget. It will give you the opportunity to learn the importance of strategic project management and its vital role in achieving competitive advantage. You will discover the key tools to becoming an effective project leader with the skills and insights to facilitate and role model the behaviors needed to ensure successful completion of projects.

If you want to increase the effectiveness of your future change initiatives, then you need to attend this workshop.

Your workshop facilitator is one of the most sought after PM Gurus worldwide. The first Infrastructure Project management workshop conducted by him last year in Mumbai was highly acclaimed by all the 46 participants covering 30 organisations for sensitizing them to apply the practical approach to managing infrastructure projects.

Choose a Location close to your work place. Attend the workshop and find a positive impact on your way of working.

About Organizers

Project Management Associates (PMA) - is a not-for-profit registered professional body of projects and business managers with the aim of strengthening project management in India. It was formed in 1993 and since then has made tremendous impact in creating a massive awareness amongst CEO's, practicing managers & academia regarding the importance of balancing time, cost & scope with quality built-in and meeting the diversified expectations of various stakeholders.

PMA, is the Indian member of International Project Management Association (IPMA) which comprises 44 member countries worldwide. PMA, administers both IPMAs Level B, C & D certification exam and the CIPM certification exam in India. PMA has over 1000 members including membership of 45 corporations. The Ministry of Statistics & Programme Implementation (MOSPI) is a Life member of PMA.

PMA founding President, Adesh Jain is the Chairman, Council of Delegates (CoD) of IPMA, Switzerland.

Centre for Excellence in Project Management (CEPM) is one of the foremost companies in the field of project management. **CEPM** is well known for Public and In-company Training programs, Consulting and Mentoring, Preparing professionals for the various certification schemes like IPMA Level D, C, B and A, PMP® and Certificate In Project Management (CIPM) through pmGURUonline.com. CIPM is now becoming a must for professionals to acquire and demonstrate knowledge to manage projects.

CEPM has over 700 clients and have exposed over 15,000 executives in India and some other countries such as, China, Australia, Singapore, USA, Sweden, Portugal, Germany and Denmark.

CEPM helps companies to assess their PM Maturity and provide complete PM Knowledge Scan (PMKS) reports indicating the strengths and weaknesses at company, department, section or individual levels. **CEPM** also provides EVMS Training, Consulting and implementation. As part of consulting, **CEPM** participates in project review meetings on behalf of owners.
